To the Australian Commando Community

In recent days a number of Australian media outlets have featured stories about extreme organisations, allegedly run by former and serving ADF members.

In some cases, the Commando Welfare Trust (CWT), along with some other equally reputable Ex-Service organisations, have incorrectly been shown as being supporters of these anonymous persons and their nefarious causes. This may have been shown simply by attaching our logo to their social media page.

Be assured the CWT Trustees have not and will not support such organisations.

The Trustees concentrate on providing support to Commando and Supporting Unit families when it is most needed.

If you have any doubts or questions about what you read or hear, you may wish to contact the Trust for verification about what it does and does not do!
